What is CU Succeed?

CU Succeed is a unique partnership between the University of Colorado Colorado Springs (UCCS) and Colorado high schools. The program provides current high school students with the opportunity to earn college academic credit while concurrently satisfying high school requirements, saving time and money in completing a college degree. Registration through UCCS for academic credit is OPTIONAL.

CU Succeed courses appear on an official UCCS transcript, as do other courses of the University. Policies regarding the transfer of credits and the specific ways in which they apply to degree requirements vary from institution to institution. You should always seek advising from the appropriate advisor at the college or university you plan to attend to ensure you are selecting the appropriate coursework for your degree and to ensure it will apply to those degree requirements.

Grading Policies for the CU Succeed Program *IMPORTANT, read carefully*****

Grades earned in CU Succeed courses become a part of a student's University of Colorado academic record and official transcript. Therefore, it is extremely important that a student earn at least a 'C' grade in CU Succeed courses. A grade of 'C-minus' or below could prevent a student from being admitted to any campus in the University of Colorado system, regardless of the student's high school GPA or college entrance exam scores. A 'C-minus' corresponds to a GPA of 1.70, and students must have a minimum of a 2.0 University GPA to be admitted to or remain in good standing at UCCS. To withdraw from a course, email dualcredit@uccs.edu prior to the completion of the course.

Upon completion of high school, an official UCCS transcript can be ordered by visiting:
<http://www.uccs.edu/registrar/transcripts.html>

Colorado Guaranteed Transfer (GT) Pathways General Education Curriculum

GT Pathways courses, in which the student earns a C or higher, will always transfer and apply to GT Pathways requirements in every Liberal Arts & Sciences bachelor's degree at every public Colorado institution. Note that these courses may not apply to some bachelor's degrees. You should always seek advising from the appropriate advisor at the college or university you plan to attend to ensure you are selecting the appropriate coursework for your degree and to ensure it will apply to those degree requirements.

An example of Guaranteed Transfer: HIST1530 = GT-HI1. For more information regarding Colorado GT Pathways please visit: <http://highered.colorado.gov/Academics/Transfers/Students.html>

Cost of the CU Succeed courses

The tuition for CU Succeed Online courses is usually \$550. This cost is substantially less than if the course was taken on the UCCS campus or in a traditional online section. **There is no cost for this class.**

FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA deals specifically with the education records of students, affording them certain rights with respect to those records. Please understand UCCS cannot discuss your account with your parents or guardians unless the FERPA Consent is signed and filed by you, the student.
